**125-meter height and
29 floors of modern
elegance**

Installation
completed 2022

Installed products

7 Elevators **MAX** connected

AGILE Destination Controls

Service from: 2022

The Crona 665 project in Brazil was crucial as it equipped the iconic 125-meter, 29-floor building with advanced elevator technology. TK Elevators' installation of 7 MAX-connected elevators and AGILE Destination Controls greatly improved efficiency and reduced wait times, setting a new standard for high-rise buildings and highlighting the company's leadership in urban mobility innovation.
